Defendant.

Proceeding Number 17-56

File No. EB-17-MD-001

**JOINT MOTION FOR WAIVER OF CERTAIN
SERVICE AND FILING REQUIREMENTS**

Pursuant to Section 1.3 of the Commission's Rules, 47 C.F.R. § 1.3, Complainant AT&T Corp. ("AT&T") and Defendant Iowa Network Services, Inc. d/b/a Aureon Network Services ("INS") (collectively, the "Parties"), jointly request that the Commission waive portions of Section 1.735(f) of the Commission's Rules, 47 C.F.R. § 1.735(f), which requires service of all submissions to be made "by hand delivery, overnight delivery, or email" and 1.735(f)(3), which states that "Service by email that is fully transmitted to the office of the recipient by 5:30 p.m., local time of the recipient, on a business day will be deemed served that day." The Parties request that the Commission waive this rule and in lieu of the rule permit the Parties to consider the service requirement to be met by serving a fully unredacted version of the filing (the "Third Party Highly Confidential" version) via email by 5:30 p.m., local time of the recipient, with service of the

remaining versions to be effectuated within two business days.

Concurrent with this request, the Parties also request that pursuant to 47 C.F.R. § 1.3, the Commission waive 47 C.F.R. §§ 1.4(f) and 1.7 such that email filings made in this proceeding are considered filed with the Commission when an email with the fully unredacted version of the filing (the “Third Party Highly Confidential” version) is sent to Commission staff assigned to this proceeding, with the remaining versions to be filed and served within two business days via ECFS, overnight delivery, or hand-delivery, as appropriate.

By granting this request, each party to this proceeding will be able to effectuate service on the other parties in this case and filing requirements on the Commission via email and by also providing hard paper copies of the filings to the Commission within two business days via overnight delivery or hand delivery. This proposal will promote efficiency, and it will not delay the proceedings or impact the time periods that the FCC Staff or the parties have to consider the issues under the current schedule.

Dated: June 23, 2017

Respectfully submitted,
